

Cow Health KPI

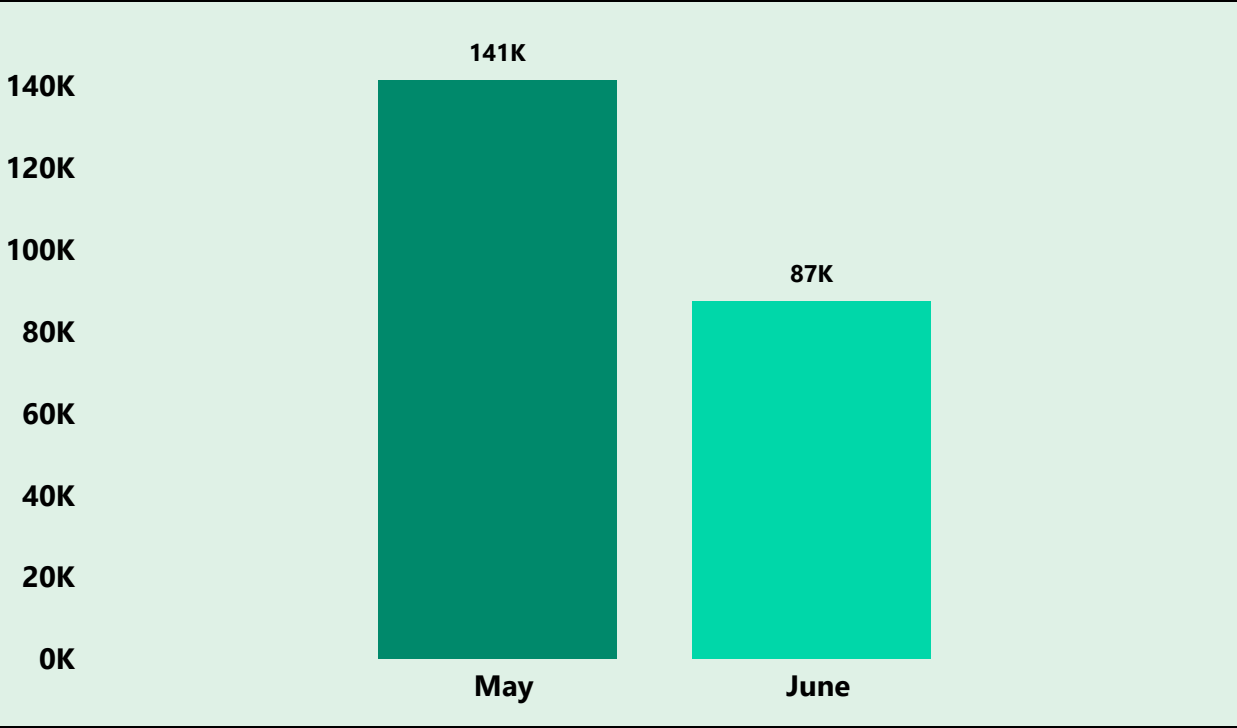

Total Number of Cow

1000

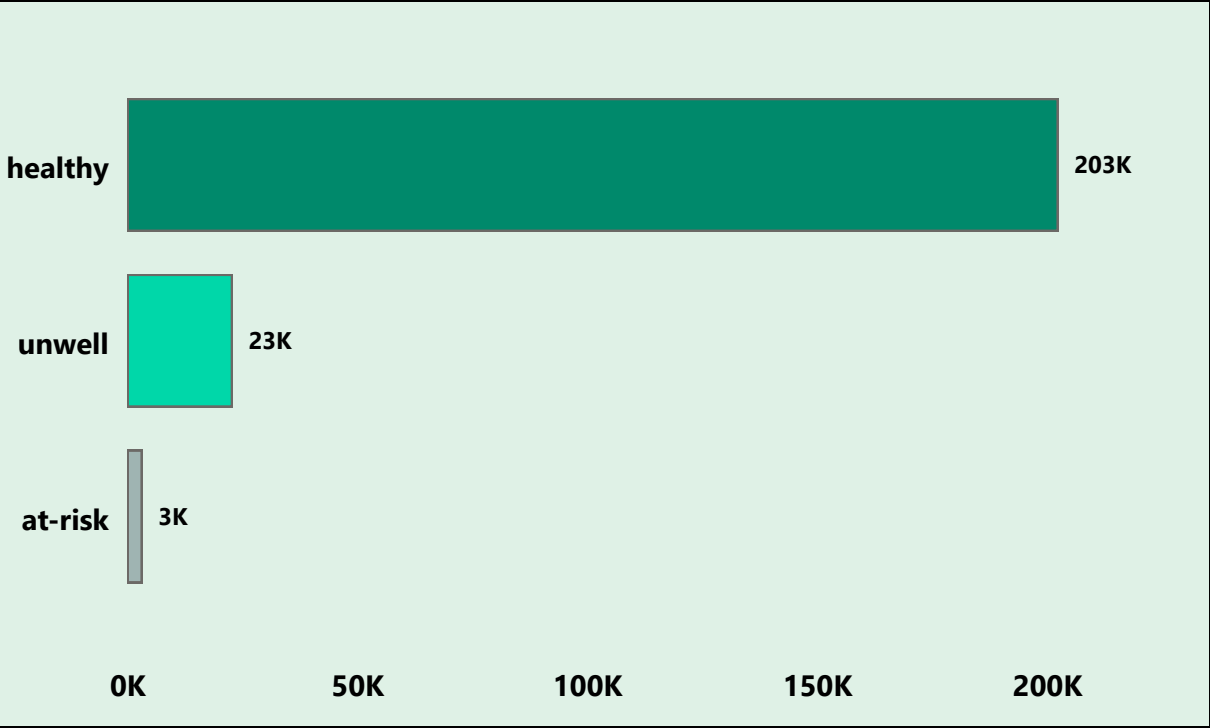

Total Number of Predictions

228,90K

Number of predictions per month

Number of Cows by Health Category

Latest Prediction Time

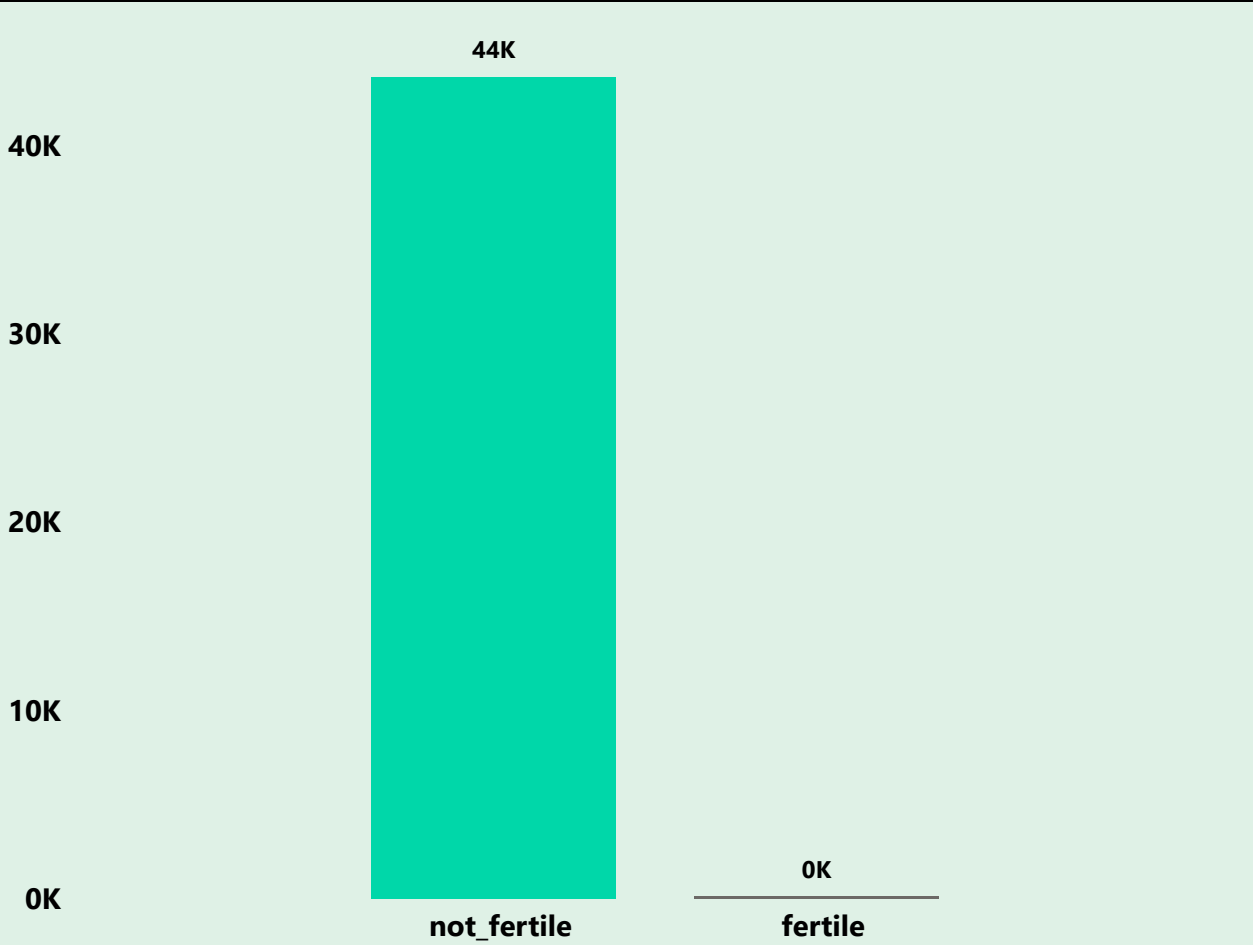

07/06/2025 15:16:51

Fertility KPI

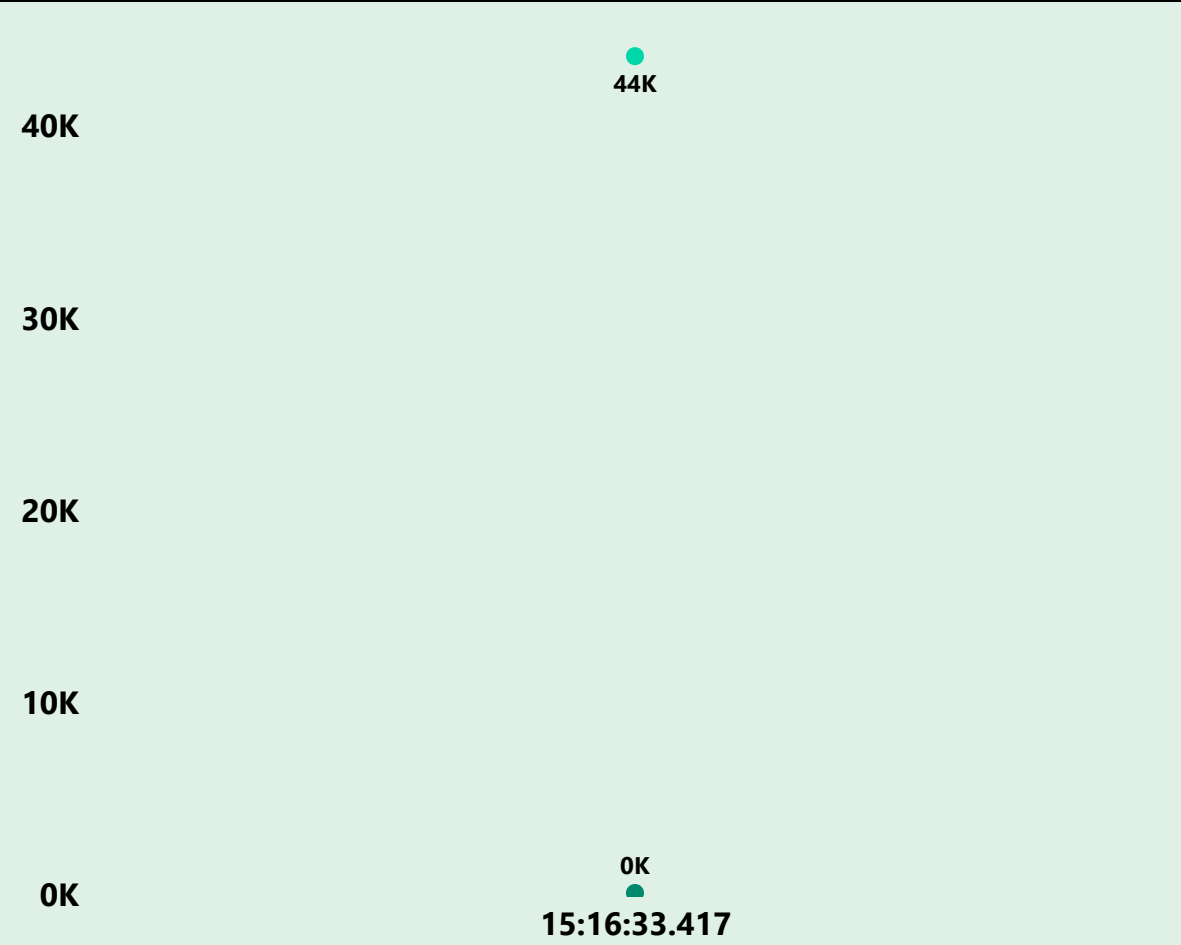

Total Number of Cow

1000

Cow_id VS Predictions

Fertility Prediction Counts Over Time

Milk Yield KPI

Total number of predicted cows

1001

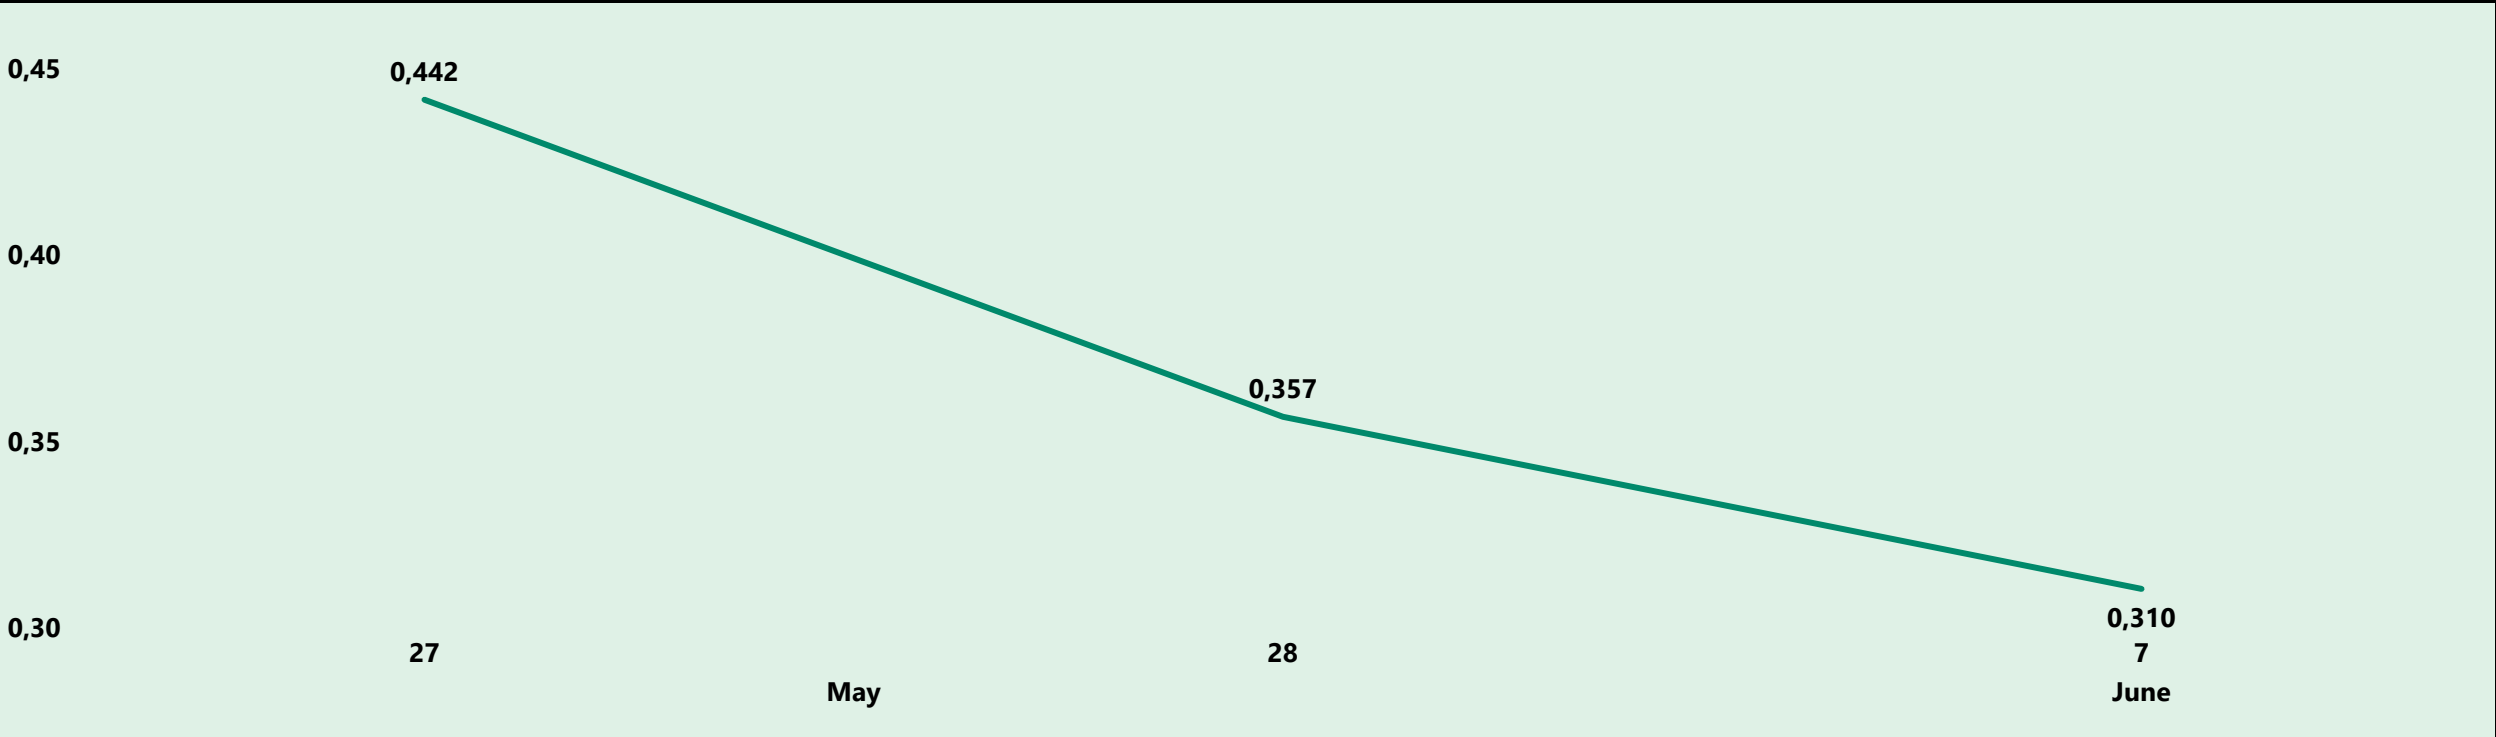

Average of Predicted yield

0,39

Predicted total milk yield

29,39M

Trend of Predicted Performance Over Time

Live Sensor KPI

Average temperature of cows

38,04

Average heart rate

70,37

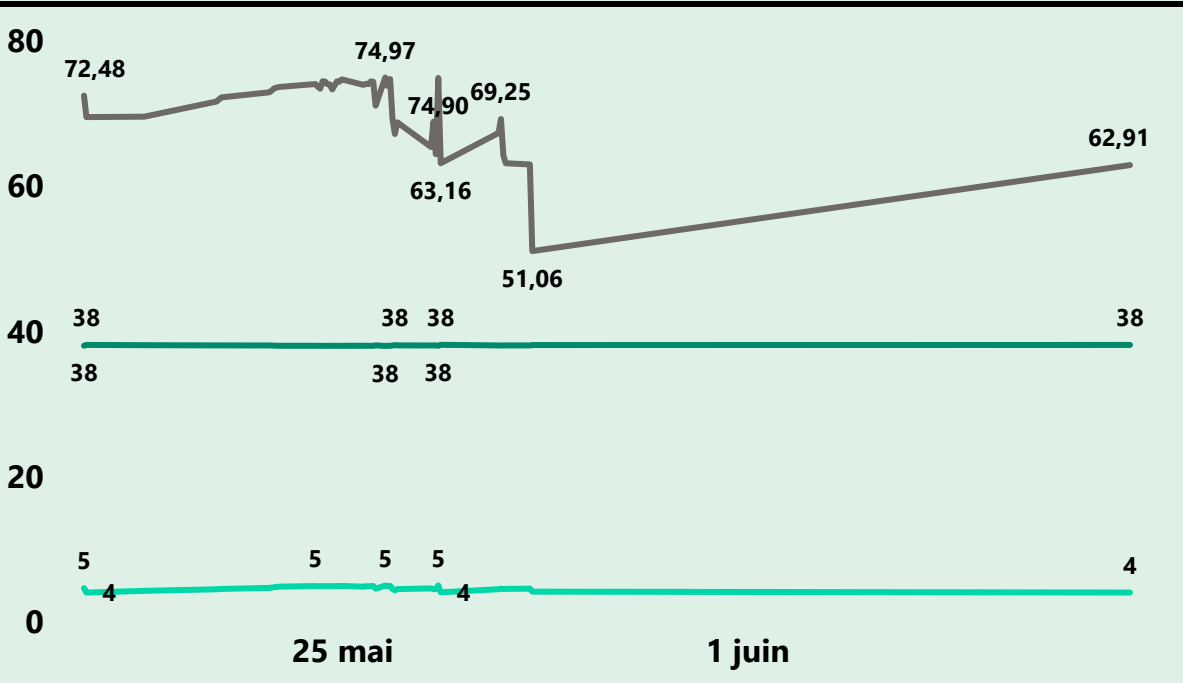

Average rumination time

80,36

Cow Counts by Sensor ID

Trends in Temperature, Activity, and Heart Rate

Alerts and Behaviors KPI

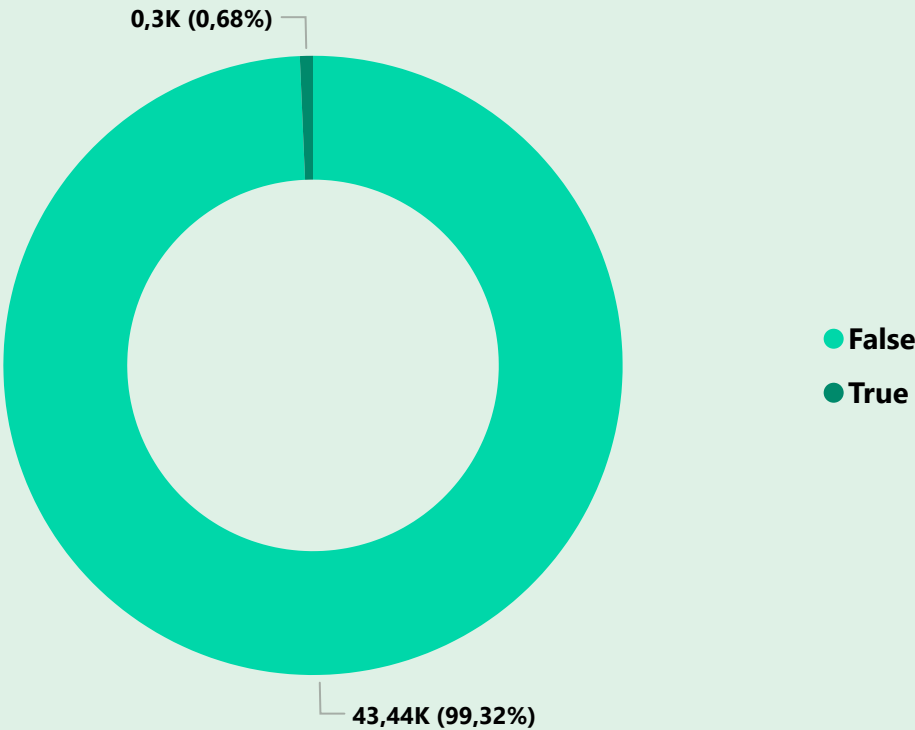

Total number of cows with an alert true

3373

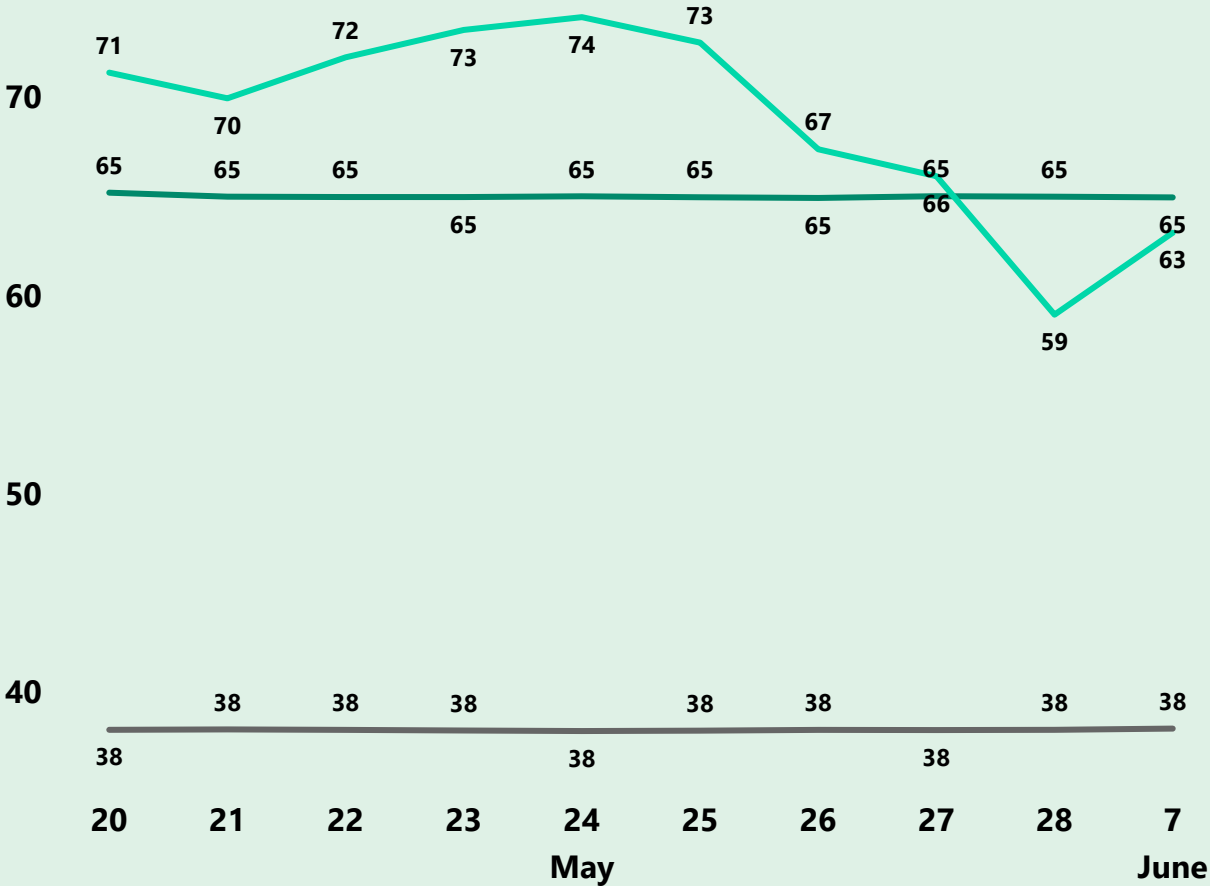

Average Milk Yield

74,84K

Temperature Alert Flag Distribution

Average Humidity, Heart Rate, and Temperature Over Time

Global KPIs - Health, Fertility and Production

Total Number of Cow

1000

Total Number of Predictions

228,90K

Predicted total milk yield

29,39M

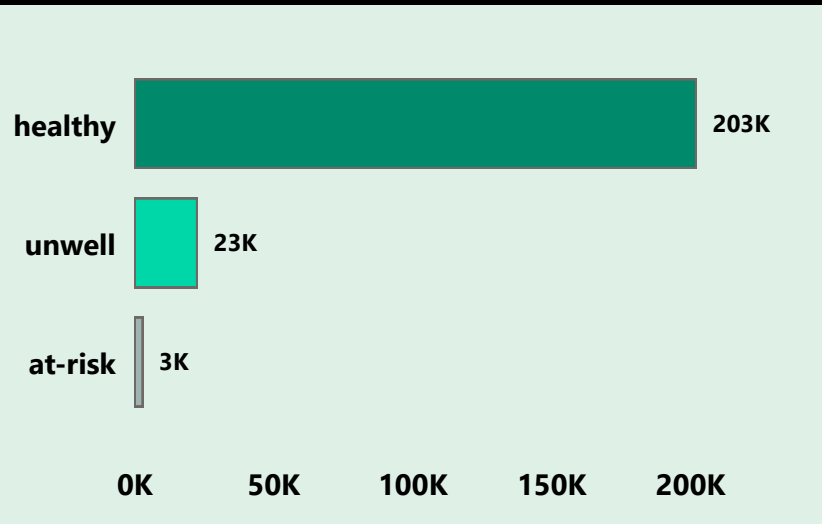

Average of Predicted yield

0,39

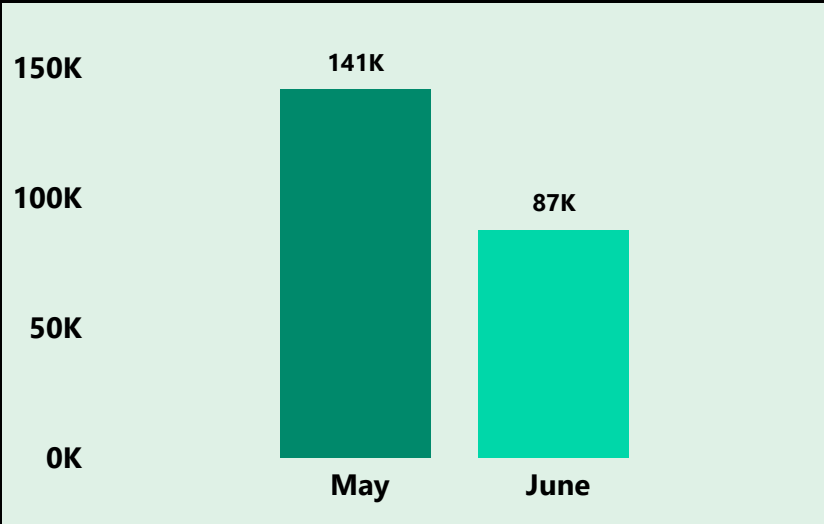

Average heart rate

70,37
